

BILLIK SAVED; HAS APPEALED

Judge Landis This Morning Saved Convicted
Murderer From Shadow Of The
Gallows.

NOW TO TAKE HIS CASE HIGHER UP

Chicago Man Convicted Of Killing Woman Gets Respite
After Most Desperate Fight For Life
On Record.

[BY ASSOCIATED PRESS.]

Chicago, June 12.—Federal Judge Landis this morning granted Herman Billik, sentenced to hang today for the murder of Mary Varal, an appeal from his (Landis) decision given yesterday when the judge refused to grant a writ of habeas corpus. Billik's execution will be indefinitely postponed.

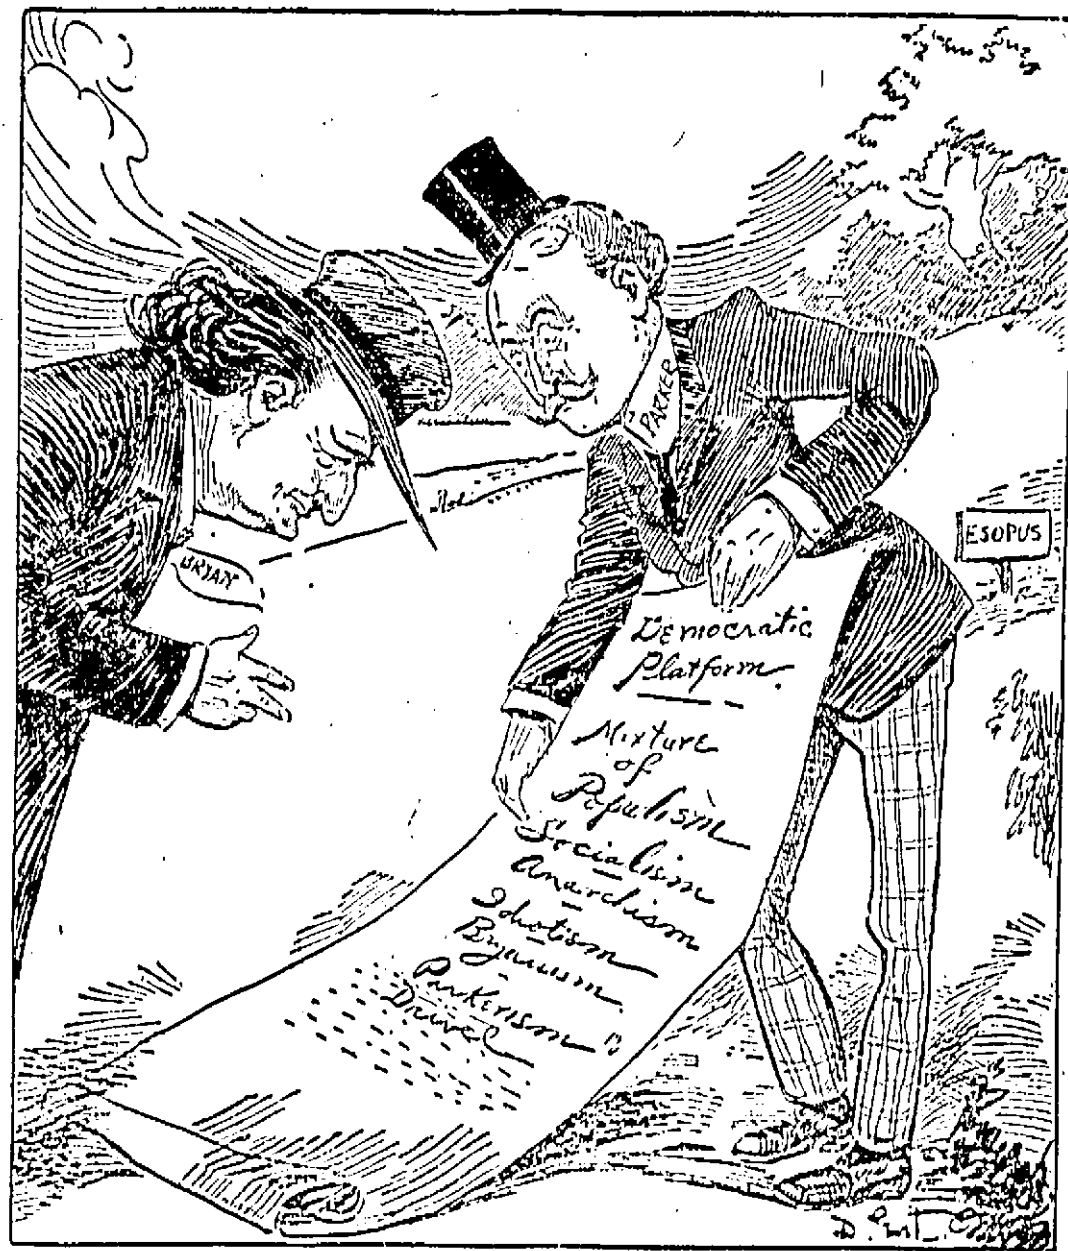

Judge Landis' decision ends what has been one of the most spectacular fights for life that has ever been seen in the history of Chicago. Every legal means and every demand upon public opinion have been invoked, but until Landis gave his decision, which was an appeal from the court, he gave yesterday, they were fruitless.

Billik's trial was long and drawn out. Convicted of poisoning Mary Varal, he fought stubbornly for life. In his fight he was aided by Reverend Peter J. O'Callaghan, the head of the Paulist Fathers in Chicago.

A confession that perjured testimony had been given at the trial at the instance of the state's attorney, who was presented to the Governor, but did not secure the last reprieve.

An appeal to the board of pardons, to the state supreme court, merely delayed the execution which was to have occurred this noon had not Judge Landis granted the plea for an appeal to the United States Supreme court.

Mass meetings of citizens have been held, prayer meetings of all the prisoners in the jail. The gathering in Forest Park, where ten thousand persons heard the priest tell his story, over again, yesterday, was one of the most remarkable demonstrations ever seen. Gatherings were held in the great Northern Theatre and at Grand's Hall and twenty volunteers went to Springfield last night to make the last plea for Billik. Now the case goes to the United States Supreme court and Billik will have at least a year more of life.

Bryan—Well, Alton, that platform looks pretty good to me. It ought to get the democratic votes. Alton B. Parker will have charge of the drawing up of the Democratic platform.—News Item.

WRECKS AUTO TO PREVENT COLLISION

Beloit Driver Runs Machine Into Curb
to Avert Clash With Passenger Train.

[SPECIAL TO THE GAZETTE.]

Beloit, Wis., June 12.—To prevent colliding with a North-Western passenger train this morning, John McLean wrecked his auto by running into a curb. He was coming down West Grand avenue at a good clip when less than a block ahead of him he saw the railway car lowering. He knew the 7:33 passenger from Janesville was coming into the city and he attempted to stop his machine. He threw off the power, but could not put on the brakes in a second, which he was carrying in the car, interfered with the power. Running down the grade toward the train which was just then crossing the street he chose to try a smash with the curb. He steered his machine directly into a fruit stand in front of the Bijou theater. He and two other passengers escaped injury, but the car was partially demolished. The hood was broken, the front wheels cracked and the lamps made into junk. The fruit stand was overturned and fruit scattered for half a block.

PACKING PLANT'S FIRE MAY MAKE A CLEAN SWEEP

Kansas City Fears Entire Destruction
Of Nelson Morris Immense Plant.

[BY ASSOCIATED PRESS.]

Kansas City, Mo., June 12.—A fire that started before daylight in the two million and half dollar Packing Plant of Nelson Morris & Co., had by nine o'clock progressed so far that it was feared the entire structure would be destroyed. At that hour dynamite was being used to stop the flames. Two laborers were killed and another perhaps fatally injured. The plant is in the flood district and is entirely surrounded by water.

Under Control
The fire was brought under control at ten-thirty with a loss estimated at a quarter of a million dollars. The cold storage building and the meat house were destroyed.

THREE ORDERED TO BE DISMISSED NOW

Jury in Capitol Conspiracy Case Will
Acquit Three of the Defendants.

[BY ASSOCIATED PRESS.]

Harrisburg, Pa., June 12.—The jury in the Capitol conspiracy case upon retiring today was given binding instructions to acquit former State Treasurer Snyder, former Auditor General Shumaker and former Sup't. of Ground Shumaker on the ground the evidence did not tend to show any conspiracy existed.

BUSINESS CONTINUES TO INCREASE WEEKLY

Dun's Review for Week Shows No
Stopping of the Volume of
Business Transacted.

[BY ASSOCIATED PRESS.]

New York, June 12.—[Dispatches to Dun's Review indicate that there is an check to the gradual improvement in the volume of business.

IMMENSE PAGEANTS FOR FRANCIS JOSEPH

Austrian-Hungarian Emperor Celebrates His Jubilee in
Vienna Today.

[BY ASSOCIATED PRESS.]

Vienna, June 12.—A grand pageant, five miles in length, was the central feature of the festivities marking the jubilee of the reign of Emperor Francis Joseph. It took place today and proved a splendidly picturesque and popular festival.

BIG CONCERT IS TO BE HELD ON SUNDAY

Orfordville to Have the Luther College Band and Chorus For Open
Air Concert.

[BY ASSOCIATED PRESS.]

On Sunday next the Luther College Band and chorus are to give an open air concert in Mow's woods near Orfordville. The concert is held under the auspices of Rev. Kval's church and promises to be most interesting. The concert numbers all being selected in accord with the day on which it is to be given. The band numbers four pieces.

NEW YORK DELEGATES START FOR CHICAGO

Party of Two Hundred Leave Gotham
Today en route for Chicago
Convention.

[SPECIAL TO THE GAZETTE.]

New York, June 12.—Headed by state chairman Timothy L. Woodruff and Secretary Lafayette B. Gleason, some 200 delegates and politicians departed today for Chicago to attend the republican national convention. The train left the Grand Central Station at noon and will arrive in Chicago at about the same hour tomorrow. Stops will be made at Albany, Utica, Rochester and Buffalo to pick up other delegates and politicians who are going to the convention.

Hughes men and anti-Hughes men are in the party. The number of the latter would indicate that there is no likelihood of any enthusiastic demonstrations for Governor Hughes en route.

In Chicago the delegation will have its headquarters at the Auditorium, where the delegates will also have rooms. The entire fourth floor of the main hotel, half of the seventh floor, nearly all of the second floor of the hotel annex and several large reception rooms and parlors have been engaged for the accommodation of the New Yorkers.

The official badges worn by the delegates this year are gorgeous. They consist of a medallion bearing on one side the arms of the state and on the reverse the words, "Republican National Convention, June 16, 1908". The medallion is suspended on a heavy ribbon of blue, which is the color of the state. Attached to the ribbon is a cross bar of gold and blue enamel on which the word "delegate" and "alternate" respectively appear.

GENERAL WEAVER'S 75TH ANNIVERSARY

Candidate for President In Year 1880
on Greenback Ticket Is
75 Today.

[SPECIAL TO THE GAZETTE.]

Coffax, Iowa, June 12.—General James B. Weaver, candidate for president on the Greenback ticket in 1880 and on the people's party ticket in 1892, celebrated his seventy-fifth birthday today. General Weaver is a native of Ohio but has lived for the greater part of his life in this state. He bears the weight of his years lightly and has been taking a very active interest in the present campaign in Iowa.

HUGHES WARNS ALL SHERIFFS IN STATE

Calls Their Attention to the Fact That
Anti-Race-Track Gambling Law
Is Passed.

[BY ASSOCIATED PRESS.]

Albany, N. Y., June 12.—In a letter today addressed to the various sheriffs in the state Governor Hughes called upon these officials to see that the provisions of the anti-race-track gambling laws were enforced.

Moved Diller: The boiler which has been used in M. P. Green's warehouse was removed this afternoon to the second ward schoolhouse, where it will be installed. The heavy truck owned by E. T. Fish was used and four horses were required to pull it.

STAR ATHLETES WILL BE MISSED AT MEET

Not so Many High Class Entries in the
Games of the New York Athletic
Club.

[SPECIAL TO THE GAZETTE.]

New York, June 12.—The eighteenth games of the New York Athletic club are to be held at Travers Island tomorrow afternoon. For many years these games have been the feature of the outdoor athletic season in New York, and attract all of the best amateur athletes in the country. While big fields are reported in nearly every event on tomorrow's programme, the entry list has been considerably cut down by the fact that a number of the best performers are in training for the Olympic contests and consequently will be unable to take part.

Canadian Olympic Team.
Montreal, Que., June 12.—The athletic team which is to uphold the honors of Canada against the pick of the world's performers in the Olympic games next month is looked to sail for England today. The team is composed of nearly a score of track and field men, among whom are the very best of the college and amateur athletes to be found in the Dominion.

UTAH DEMOCRATS TO SELECT DELEGATES

Will Be Fought as to Whether Delegates
Shall be Instructed or
Not.

[SPECIAL TO THE GAZETTE.]

Salt Lake City, Utah, June 12.—The democratic state convention to select six delegates and six alternates to the national convention at Denver, met in this city today. More than seven hundred delegates and many visitors filled the Grand theatre when the convention was called to order by Lyman R. Matthews, chairman of the state committee. The early proceedings pointed to a harmonious session, the only matter likely to develop into a contest being the difference of opinion in regard to instructing the delegates for Mr. Bryan for president. Prominent men in the party are strongly in favor of Bryan instructions, while others believe that the convention should leave the national delegates free to act for themselves.

ANNUAL CONVENTION OF PRINTERS' UNION

International Printing Pressmen and
Assistant's Union Gather in
South.

[SPECIAL TO THE GAZETTE.]

Mobile, Ala., June 12.—Delegates are in the city for the annual convention of the International Printing Pressmen and Assistant's Union of North America, which called to order here Monday. The gathering will be attended by several hundred representatives of the craft in all parts of the United States and Canada.

The convention promises to be one of the most important that the union has held since its organization twenty years ago. All of the present officers are candidates for re-election and nearly all of them will meet with opposition. President George L. Berry, of Cincinnati, who desires to succeed himself, will be opposed by Edward Randall, of Toronto, who was first vice-president of the union in 1905. General Secretary Patrick J. McMillen probably will be re-elected to office. The convention is expected to remain in session through the greater part of the week.

PLAN BIG SUFFRAGE MEETING IN LONDON

Those Favoring Peaceful Methods to
Hold Big Demonstration
Meeting.

[SPECIAL TO THE GAZETTE.]

London, June 12.—All London is manifesting an interest in the great demonstration to be held tomorrow in favor of the woman suffrage movement. The campaign that has been conducted for nearly two years by the women who want the ballot, will undoubtedly live in English history, but all the spectacular demonstrations of the past are expected to fade into insignificance as compared with the peaceful procession and meeting planned for tomorrow.

The demonstration will be directed entirely by women who favor peaceful methods of agitation for the franchise. The women are to assemble in thousands upon the Thames embankment and march by way of Piccadilly and other leading thoroughfares to Albert Hall, where the meeting will be held. The proposed procession is to be grouped according to the professions of the participants, such as university women, professional women, teachers, artists and so forth. Mrs. Millicent Fawcett, the noted English philanthropist, is to preside at the meeting in Albert Hall, and foremost among the scheduled speakers are Rev. Anna Howard Shaw, of America and Lady Henry Somerset, whose leadership in the temperance movement and other reform work has made her as well known on the other side of the Atlantic as in England. Lady Henry retired from public speaking some time ago, but she readily agreed to make an exception of this important occasion.

CONFERENCE OPENS AT LAKE GENEVA

Ten Days Gathering of Y. M. C. A.
Workers is Now in Session at
Lake Geneva.

[SPECIAL TO THE GAZETTE.]

Lake Geneva, Wils., June 12.—Several thousand leading Y. M. C. A. workers are assembled here for ten days conference, which will be in the nature of a summer school of instruction in the departmental work of the association. The conference is one of the largest ever held here, many parts of the country being represented by the delegates. Ylows are to be exchanged on every phase of Y. M. C. A. work and addresses will be delivered by state secretaries, organizers, college workers, field secretaries and others. A big athletic carnival is planned in connection with the conference and it is thought that this will attract many additional visitors.

WILL MAKE CRUSADE ON PAPER LEADERS

American Newspaper Publishing Association Hire Regular Campaign
Manager.

[BY ASSOCIATED PRESS.]

New York, June 12.—The directors of the American Newspaper Publishing Association, at a meeting here today authorized resolution authorizing the president to engage the services of John Morris for two years for the promotion of the aims of the association in the matter of news print paper.

Marriage License: A marriage license has been issued to Beth M. Wauke and Clara V. Wells, both of Milton.

TAFT HAS CLEAN SWEEP ALL ALONG THE LINES; ALLIES STILL DEFIANT

Texas Marches Up To The Front With Its
Little Delegation This Morning---
Fight Will Go To The Convention.

[BY ASSOCIATED PRESS.]

Chicago, June 12.—Texas walked up into this morning, handed over bag and baggage to the Tafters by the National committee. This gives Taft the clean sweep along the line on the temporary roll call.

Stand Pat

However, from the headquarters of the "Atlas" comes the announcement that they intend to stand pat on their attitude towards Taft. A conference was held this morning of representatives of all the candidates except those of Secretary Taft.

To Fight It Out

At the meeting it was decided to continue the fight all along the line until the convention shall have made

a nomination. They gave out the statement that they were convinced that no nominations would be made on the first ballot.

First Break
The first break today when the fifth Virginia district was brought up and the anti-Taft delegates were given seats, in all the other contested districts, however, the Taft delegates were seated.

Will Not Come
Secretary of War Taft this afternoon sent out word from Washington that he will not come to Chicago this next week, but will remain in Washington, where he will be in close touch with the convention.

RALPH ADAIR GETS GOVT. APPOINTMENT

Has Accepted Position in Legal Department of Land Agency at
Blackfoot, Idaho.

Attorney Ralph Adair of the law firm of Cunningham & Adair has received a telegram from Commissioner Bennett at Washington, D. C., notifying him of his appointment to a position in the legal department of the government land agency in Idaho and requesting him to report at the city of Blackfoot on July 1. Mr. Adair has decided to accept the position and will close up his business here during the next few weeks. He took the civil service examinations over a year ago; was notified several months later that he had passed them; and, hearing nothing further, had almost forgotten that his name was on the waiting list. Blackfoot is a town of about 1,200 inhabitants and is located in a belt of fine lands which the government is opening up.

ASHE GETS EIGHTEEN MONTHS IN PRISON

Steam-fitter Who Was Arrested Wednesday Pleaded Guilty to Charge
Late Yesterday Afternoon.

Richard Ashe, the steam-fitter who was arrested Wednesday on a charge of adultery, appeared in municipal court at half-past four yesterday afternoon and entered a plea of "guilty." Judge Field imposed a sentence of eighteen months at hard labor in the state prison. The man was taken to Waupun by Sheriff Fisher at noon today. At the jail last evening Mrs. Ashe had a long conference with her husband. Though he manifested a contrite spirit, the wife could neither forget the humiliation and indignities which he had heaped upon her nor express any regret that he was about to expire, in a measure, the evil he had done. She and the three children, whose ages range from six years to five months, will probably go to Waukesha to make their home with her relatives. Mrs. Harman Harkne, the aged mother of Emma Harkne, the woman whom Ashe brought into his own home, arrived here from Waukesha yesterday in response to a message from Sheriff Fisher. Rather than see their daughter go to the county farm, the parents finally decided to give her shelter and protection with them. In the light of what has happened it is possible to see that she was greatly shamed against as well as shaming. According to Mrs. Harkne, Ashe represented himself as a single man when their daughter first began to receive his attention. She alleges that he not only borrowed \$75 of Mr. Harkne but appropriated \$30 of his pension money. Ashe came here about a year ago, secured plenty of work at the outset, and was in a fair way to become one of the most successful steam-fitters in this section, had he attended strictly to business.

Goes to Waupun: Sheriff Fisher took Richard Ashe, who was sentenced to eighteen months at Waupun, to the state prison today, leaving here at 12:45.

TODAY'S MARKETS.

[SPECIAL TO THE GAZETTE.]

Chicago, June 12.—Cattle receipts, 3,000; market strong; beefs, 5.00@7.55; cows and heifers, 2.40@6.50; western, 4.60@6.00; calves, 4.60@6.25.

GRAND TRUSTEE OF WISCONSIN MASONS

A. E. Matheson of This City Named
by the Grand Lodge While in
Session at Milwaukee.

At the sixty-fourth session of the Grand Lodge of Free Masons in Milwaukee Wednesday afternoon, A. E. Matheson of this city was elected Grand Trustee. James E. Durgin of Racine was named as Grand Master; Alvin T. Webb of Madison was advanced to the position of Deputy Grand Master; Ernest E. Gutschell of Hudson to that of Senior Warden; and C. D. Stockwell of Marshfield to that of Grand Junior Warden.

WHELOCK BOY FELL INTO THE RACE-WAY

Near the Western Shoe Co. Factory
Last Evening and Had Narrow
Escape From Drowning.

Fred Wheelock, a twelve year old boy residing near the North Franklin street viaduct, fell into the race-way near the North Franklin street viaduct last evening and had a narrow escape from drowning. The youth was unable to swim and had gone down once in the ton foot of water when two men who had heard his cries arrived upon the scene and rescued him.

TOBACCO MEN HAVE DELAYED PLANTING

Edgerton Reporter Says That Hunting
Parties for Stray Crops
Continues.

The hunting for the last scattering remnants of the '07 crop is still being actively pushed with every indication that the state will be cleared by the time the hunters are called in. The disposition is to leave nothing that can be lifted either in growers or packers hands. Nor is the question of price such a vital one as the control of the largest possible amount of the '07 crop. Just what proportion will finally land in the storehouses of the American Tobacco Co. cannot yet be figured, but conservative estimates place it above 80 per cent of the year's growth. We present a few sample sales for assorted lots:

Atwood Bros., 20a at 85c asst.
Larsen, 20a at 85c asst.
Chas. Nelson, 10a at 85c asst.
M. Heston, 20a at 85c asst.
E. J. Hoffman, 12a at 85c asst.
F. Peuch, 4a at 85c asst.
C. Haymond, 6a at 75c.
M. Young, 6a at 85c asst.
E. Peuch, 3a at 75c asst.
A. M. Augustine, 7a at 85c asst.
O. Hoffman, 7a at 65c asst.
And. Popper, 4a at 85c asst.
O. Harried, 3a at 85c asst.
T. O. Egdel, 8a at 85c asst.
M. Severson, 5a at 85c asst.
J. Hurrol, 8a at 85c asst.
C. Dinkler, 45a at 85c asst.
C. Hall, 5a at 85c asst.
H. H. Hinkinson, 7a at 85c asst.
J. Larson, 6a at 85c asst.
J. Swain, 6a at 85c asst.
A. P. Johnson, 6a at 85c asst.
J. Johnson, 3a at 75c asst.

From packers too the American Tobacco Co. is reported to have secured about 3000 cases as well as 500,000 pounds of bundle leaf, comprising the largest transactions that have taken place in our state for some time.

The prospects for cured are looking up in the eastern markets, though sales so far are not extensive.

The transplanting of the new crop is now well under way in all sections and the cool weather of the week has proven decidedly favorable to secure a good stand. Growers are bending every effort to push this work as rapidly as possible.

The shipments out of storage reach 164 and 27 car loads of bundle leaf for the week to all points. There has been received 25 car loads for warehouse handling.

Plant beds never came along so satisfactorily as they have this season, nor have they given the growers so little concern to produce them. Aside from preparing the beds and weeding they have needed but little attention. The young plants came up quickly and have made a phenomenal growth ever since until they are advanced far beyond the usual season at this date. Growers with large acreage find they must exert every effort in preparing their fields for transplanting or the plants will become too large for machine use. The planting is now well under way and suitable weather conditions are only necessary to see the crop of this state transferred to the fields at a much earlier date than usual. This is certainly a good omen, and there need be no fear of drought for some weeks to come for the soil is seldom in better condition to receive the young plants.

THE FIRST OUTING AT H. C. TAYLOR'S

Summer Club of Household Econom-
ics go to Taylor Farm at
Orfordville.

One hundred and four members of the Summer Club of Household Economics attended the club's first outing of this season, which was held at the home of H. C. Taylor at Orfordville, today. The Janesville members left on the St. Paul train which leaves here at 10:40 a. m. and returned home shortly before five o'clock. Afternoon local numbers filled two extra coaches which were attached to the train. The menu for the noon luncheon was in charge of Mrs. Kittie McGowan and Mrs. Allie Murdoch had charge of the demonstration and with her assistants prepared the salad for the entire party.

The afternoon's program consisted of a paper on personal hygiene by Mrs. Laughlin and one of the care of children by Mrs. Lottie Edlin. Several musical numbers were rendered by the girls of the high school orchestra under the direction of Mrs. Hyda. The members brought along and for exchange and each one furnished dishes and napkins for their own personal use.

Link and Pin

North-western Road.

Telephone connections between South Janesville and Chicago were finished today. The line will not be ready for use for some time yet as the stations between here and Chicago will have to have instruments put in and be connected up with the main line. This will make the line complete from Elroy to Chicago. All train orders and important messages will be sent over this line, but all else will be excluded.

Engine 102, Conductor Conn is on the work train today loading rails for Roadmaster J. C. Dwyer.

Engine 154 is relieving 676 on 25 and 28 between Janesville and Fond du Lac.

Engineer Dourhammer, went out on 531 in place of Engineer Sturritt.

A. W. Lee is laying off on the dispatch. Jas. Spohn is relieving him.

The car with the boiler from the old round house was taken down to the new yards this morning and will soon be sent west. The old sand house and the coal chutes will also be removed.

Engineer Hiler returned to work this morning. Engineer Storm has been relieving him.

Five car repairers have been added to the force working in the shops.

Thos. Mulcahrs is relieving Michael

Dolin, on the night switch engine.

Engineer Ebbotta is taking the place of Engineer Lane on 505 with Conductor Halliday.

St. Paul Road.
Engineer Gilbert and Fireman Palmer came in on 193 yesterday.

Engineer Casey and Fireman Gray went out on 142 yesterday. Gray is relieving Fireman Miller.

Two extra coaches were put on 21 this morning to convey the picnicers to Arfordville.

Engineer Wilkinson and Fireman Hillemeier, went out on 65 this morning.

SCOTLAND IS MECCA FOR THE CHURCHMEN

Assemblyman A. S. Baker of Evans-
ville Among Those Who Will
Attend Gathering.

From June 20 until July 10th, Edinburgh, Scotland, will be the scene of a gathering of Congregationalists from the world over. Six hundred delegates are expected from all parts of the globe and among them will be four Wisconsin delegates including Hon. A. S. Baker of Evansville, President Edward D. Eaton of Holli college, Rev. Judson Thaworth of Milwaukee, Rev. H. A. Minor of Madison and Mr. Baker, the members of the Wisconsin party, will sail from Boston on June 20 and will be absent for two months.

This denomination last year reported a membership of a little over a million and a quarter. It has its headquarters at Scotch, in the north of England, in 1606, with Rev. John Rolinson as leader. In this country its beginning was at Plymouth, Mass., in 1620, with the landing of the Pilgrims, the first to plant a colony in New England. Its motto was "A church without a bishop and a state without a king." With this church the spirit of democracy found an abiding home and has moulded the nation.

Pioneer in Missionary Work.
The growth of this denomination up to the last half century has been comparatively slow. Its sturdy opposition to slavery barred it from the southern states until after the civil war, and its enthusiasm of spirit did not foster self-propagation, as in the case of some other denominations, but did foster united effort in missionary work leading to the organization of the first home and foreign missionary societies in America. It has been a large contributor to the growth of other denominations. In 1850 there were only about 1,500 churches in this country. With the organization of state associations and of the National Council in 1817, a new era of growth began. Today there are over 6,000 churches in this country, with a membership of nearly 700,000 paying for the support of the home churches \$3,600,000 and giving for various gospel works at home and abroad \$2,450,000 for the year 1902.

Convenes Every Nine Years.
The International Council is held about once in nine years, the one at Edinburgh being only the third.

This council brings the leading Congregational forces together from various countries for the purpose of comparing notes and discussing questions of worldwide interest in the work of Christianizing the nations of the earth. The one held at Boston in 1899 was largely attended and proved a unifying force to the denomination.

Excursion to Harlem Park Sunday.
Round trip 60c. Rockford & Interurban Ry.

THE MANUFACTURERS OF
THE WHITE HOUSE SHOES

Awarded \$42,000.00 U. S. Government
Contract for "S" Shoes.

May 29th, out of a possible \$90,000.00 order from the United States Government for shoes, the manufacturers of The White House Shoes were awarded the contract for over forty-two thousand dollars worth of "S" shoes. The contracts were not given to the lowest bidder, but to those who offered the best quality at the most reasonable price, and that is the reason why The White House Shoe Co. was fortunate in handling the greater portion of this order.

Mertt and service count most with the Government inspection experts, and it is greatly through the experience of the Government in having these shoes prove satisfactory, that the present contract was secured.

Good shoes for Uncle Sam will be good shoes for every man and woman to buy and you can buy these comfortable shoes at The White House store of Leonard Underwood Co.

Free instructions and demonstration of methods of treating this skin, removing freckles and new ways of dressing the hair at Holmstrom's tomorrow and next week.

Art and Specializing.
Why should an artist who has painted portraits for years be denied talent as a landscape painter? There is no reason for it. We have grown to mistake specialty for personality, and the artist who has made his name as a painter of cats will have to paint cats all his life.—Kunst, Munich.

Age of the Earth.
Highest authorities place the time since man first appeared on earth at 288,000 years. Of this 78,000 belong to preglacial epoch, 100,000 to glacial, 44,000 to interval between prehistoric and neolithic, 10,000 to neolithic epoch and 6,000 to time since beginning of the historic period of Egypt.

Hard Task for Chef.
That Parisian chef, recently in New York, who has 165 ways of cooking an egg, can greatly extend his fortune if he can tell one sure way of cooking an ancient egg so as to rejuvenate it.

Growth of Girls and Boys.
A girl is nearly as big as a boy at two, smaller at four, nearly as big at seven, and the same height at 11. During the period from the eleventh to the fourteenth year, when the girl is growing more rapidly than the boy, she is generally bigger than he is.

Sale of girls' jackets, \$1.00. Archie Reid.

SUMMER VACATION BEGINS TOMORROW

Public Schools Close Today for Long
Vacation—Exercises in
Kindergartens.

Today was the last official day of school in the Janesville public schools and tomorrow begins the long summer vacation in the grades and kindergartens. The pupils were dismissed after roll call and presentation of the promotion cards. At the high school there was nothing doing today, the last examinations having been held on Thursday and the graduation exercises closing last night. There will be no change in the personnel of the high school faculty for next year, as all those who taught this year expect to return for next year. Several of the teachers expect to take post-graduate courses in various colleges during the summer. Prof. Ruell will leave the end of this month for Cleveland, where he will spend a week attending the convention of the National Educational Association.

Closing Exercises.
No closing exercises were held in the grades owing to the fact that Arbor day and Decoration day come so soon before the closing of school, but in the kindergartens programs of various kinds were given yesterday morning.

The parents and friends of the children of the four kindergartens in the city were invited in and the programs given consisted of songs, recitations and kindergarten games, after which the children were given their promotion cards and the books they had made during the year. At the Jefferson school where the kindergarten is in charge of Miss Mary Jacobs and Miss Josephine Trent the promotion cards took the form of miniature diplomas tied with red ribbon.

New Heating System.
During the coming summer a new heating system will be installed in the Adams school. New boilers have been purchased and the remainder of the plant will be put in soon. The fan system of ventilation will also be installed in that school.

BRIEF LOCAL NEWS.

Ministers' Coming July 6: Ministers of all denominations are expected to attend the convention of the Rock County Bible society which is to be held in Janesville on Sunday, July 6. Rev. A. Krebs of Holli, county secretary of the organization, says that this is the first time in twelve years that so general an invitation has been extended, and he expects the attendance will be larger than ever before. Rev. J. McKee of Chicago will be the principal speaker.

Sixty at Bridge Party: Sixty ladies participated in the second of the series of weekly bridge parties, given at the Mississippi golf links yesterday afternoon. Luncheon was served at noon by Chef Arnold and the day proved an enjoyable one for all. Mrs. Frank L. Smith and Mrs. George E. King won the prizes.

Children's Day: Children's Day at the Methodist church on Sunday. Parents are invited to bring their children for baptism.

No Room for Boys: Small boys should be created up and kept in confinement until they are old enough to stay on the walls. When they play ball in the Court House or Fourth ward parks they wear out the grass and threaten the flower-beds. If they must play games let them trespass on somebody's private lot where windows are easily within reach. Chicagoans have directed the attention of the police to the ball-playing in the parks and it is going to be stopped.

Launch Party Tonight: Miss Harriet Hestwick will entertain a small company of friends on a launch trip and at a supper upriver, this evening.

Studebaker Car Here: Two representatives of the Studebaker automobile agency in Chicago arrived here this afternoon in a handsome striped car. They are making a preliminary trip over the route of the big endurance run which begins on the 24th.

Emma James in Jail Again: Mrs. Emma James of Prescott is again in the local lock-up after an absence of about six months. She visited here just before Christmas, spending ten days here and "the recreation was not enjoyed" while in an intoxicated condition she began making trouble at the Grand Hotel and after a search was finally found by the officers in a nearby store. She says she has been here for two days and came down from Madison.

Papers Served on Shaw: At the direction of the common council Officer John Brown has served the thirty-day notice to vacate on Fred Shaw, who is in charge of the city detention hospital. The vacation was not over-looked. Mr. Shaw's popularity with the City Fathers waned when he put the bill for \$5 a day for nursing a patient after the contract under which he was to receive but \$2.50 a day had expired.

Automobiles Here: An automobile party consisting of E. A. Gouran, the Portage banker, and wife, Mrs. R. H. Thompson of Chicago, Mrs. J. H. Bradish of Decatur, Ia., and George Bremner, chauffeur, of Portage, was registered at the Grand Hotel last evening.

Mrs. Egan Again Active: Mrs. Katharine Egan, who lives at 474 South Jackson street and who paid a fine in court about a year ago for making herself offensive to her neighbors, has again donned the war-paint according to those who reside in her vicinity. Chief Appleby persuaded them to defer swearing out a warrant until he could have a conference with her. In response to his summons she appeared at the police station this morning in a dejected mood, and made him tell her neighbors to do their worst.

Archie Reid's wrappers, 50c and 75c.

Links of Eternal Life.
We cannot put into the language of our limited life any satisfactory or adequate picture of that which transcends all our experience in the way that this thought of a great common source and sustainer of life does. But we can order our lives about this as their center; we can live as if the universe was held together by the golden bands of love and law.

Sale of girls' jackets, \$1.00. Archie Reid.

Liberia and a Typical Street Scene
Liberia Deeds America to
Save Its Life.

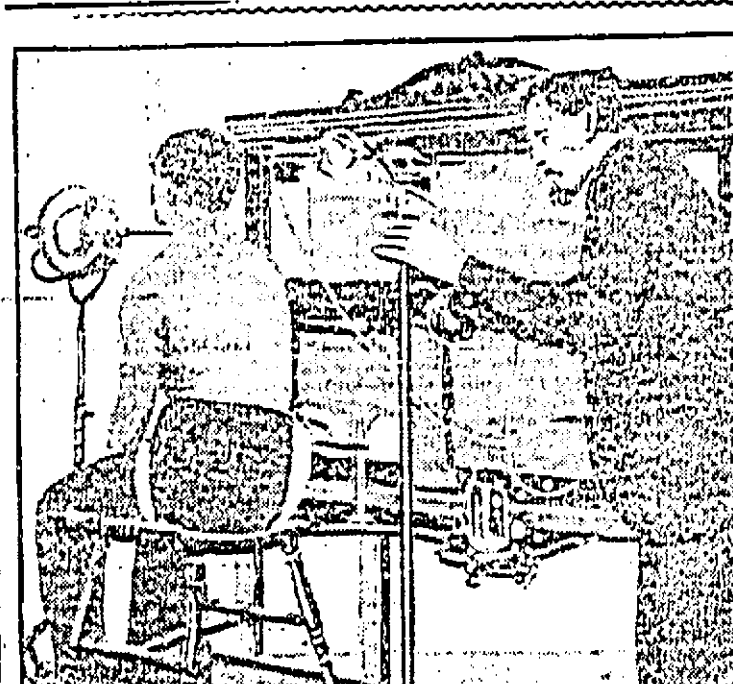

Washington.—Like the pitiful appeal of a small child, sick and harassed by older and larger boys, comes public on the west coast of Africa to the United States. This little republic is, to a certain extent, justified in looking to the United States for help.

It is composed, largely of freed American slaves. A delegation from this state called upon Secretary Root Tuesday afternoon to lay the troubles of their country before him, and such a combination of troubles as this little republic had to tell is seldom heard.

It is admitted that Liberia, from the standpoint of nations, is practically in a helpless condition. Her latest negotiations, in effect an ultimatum from England to maintain better government and this is undoubtedly well justified, for the blacks have lacked the training and ability to govern themselves properly.

In addition to internal dissension the country has been involved in a series of boundary disputes with the British and French, which have been gradually settled by Liberia humbly yielding to the demands of her stronger opponents. The difficulty of maintaining order in the territory she possessed has been one of her tribulations, especially as she is held responsible in this connection for the acts of the native tribes.

Just what is to be the outcome of the present appeal to the United States for aid is a question upon which officials will undertake to throw no light. That there is a feeling of sym-

BLEACHING NEGROES WHITE.

The old tradition that the Ethiopian cannot change his skin nor being treated as a leopards change his spots, is about to be overcome by science. A Philadelphia doctor is experimenting with the novel proposition of bleaching negroes white. The method is through the use of the X-ray, which possesses the property of destroying the color matter of the skin. During his experiments so far he has met with more or less success. In one instance he succeeded in bleaching a negro's face after 30 treatments and other cases

of black skin now being treated are progressing satisfactorily. After the first treatment the complexion of a very black negro turns to a chestnut color and by strong treatment an olive tint was obtained. With negroes of lighter color he has obtained a cream tint. He is very optimistic about being eventually able to bleach out the darkest negro to a clear white, although he admits that it will have no permanent bearing on future generations and that each individual will have to be bleached out.

WESTERN FLOOD IS DECREASING

KAW RIVER FALLING STEADILY AT KANSAS CITY.

NO DISTRESS IS APPARENT

People Driven from Homes Are Cared for—Considerable Damage to Crops About St. Joseph, Mo.

Kansas City, Mo., June 12.—Flood conditions here are bettered on the whole. The Kaw river began falling before daylight Thursday and the water steadily receded from the inundated district. The Missouri river continued to rise slowly, but it can do no particular additional damage at this point. From now on it is predicted that the situation around Kansas City will improve, and that as the waters pass beyond here damage may be expected to follow along the Missouri and the Mississippi east and north.

Stock Yards Still Inundated. In the stock yards the water was receding fast but business was still paralyzed and no stock was being moved. Water still stood several feet deep in one-fourth of the hog pens, and there was two feet of water in the basement of the stock exchange.

Despite the fact that hundreds of persons are homeless in Armondale and Argentine, Kansas, no actual distress is apparent and the citizens of Kansas City, Kan., are taking care of all the needy. But seven persons sought shelter Wednesday night in convention hall, on the Missouri side, which had been thrown open to the refugees. In Harlow, the village across from Kansas City on the Missouri side, the people have been housed on the hills.

C. W. Roberts, manager for the Independent Telephone company at Perry, Kan., was drowned in the Delaware river there, while attempting to repair a break occasioned by the flood.

Crops Damaged at St. Joseph. St. Joseph, Mo., June 12.—The Missouri river rose three-tenths of a foot here Wednesday night and is still rising. The damage to crops in the bottom lands is rapidly multiplying.

Situation at Topeka. Topeka, Kan., June 12.—While some of the lower portions of North Topeka near Soldier Creek and the "Little Russia" are yet submerged with dead water, the major portion of Topeka is above water and street cars have resumed service. The Kaw has fallen 6 1/2 feet since the waters began receding. The river is falling 1 1/2 inches an hour.

The Rock Island and Santa Fe trains are reaching Topeka from Kansas City to Olathe on the Frisco, thence on the Santa Fe via Emporia. The Union Pacific continues to detain west over the Santa Fe. The weather predictions are for more rain.

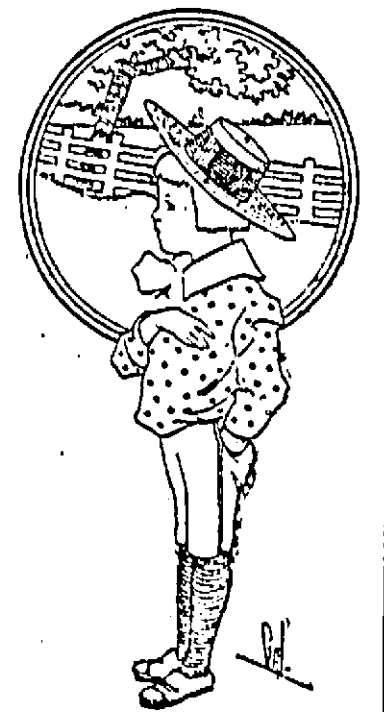

Waters Subsiding at La Crosse. La Crosse, Wis., June 12.—The flood stage of the Mississippi river at this point has been passed, and the waters are subsiding. The depth of the river shows a decline of two-tenths of a foot in the last 24 hours. This indicates that the decline will soon be felt all along the upper river.

Chicago's Gifts to Liner. New York, June 12.—A delegation of Chicago aldermen attended a banquet on board the new French liner Albatross Thursday night. Alderman L. H. Young of the Sixth ward presented the steamer with a handsome silver cup, the gift of the city of Chicago. C. H. Sholdon, on behalf of the Chicago Association of Commerce, presented the steamer with an engraved silver tablet.

"Drys" Batten in Sedalia, Mo. Sedalia, Mo., June 12.—After a campaign of extraordinary bitterness the voters Thursday rolled up a majority of 849 against local option.

Little Bobby. Bobby was in love with the monkeys at the Zoo and often teased his father to buy him one. When a new baby brother came to the house and he saw it for the first time he was in raptures. "Never mind about getting me the monkey now, papa," he said.

The Requisite. There is no use running. To get out in time is the main point.—LaFontaine.

Tom Tucker says he had the hand to make an El Dorado. He'd make of it a state and then He'd call her Colorado. Find a real estate man.

GRADUATING CLASS OF MONROE SCHOOL

Twenty-nine Take Their Diplomas Last Evening.

Monroe, Wis., June 12.—Twenty-nine high school graduates received their diplomas at the conclusion of the commencement exercises at Turner hall last evening. Seventeen members of the class appeared in the program of essays and orations. Twelve members made up the cast that presented the class play, "A Scrap of Paper." Turner hall was packed for both programs. The graduates will join the high school alumni at the annual banquet at the armory this evening.

Thirty neighbors assisted Fred E. Hentert at a home-raising on his farm, a mile and one-half southeast of Monroe. The barn will be 24x34 with half-barn frame. It will have a 7-foot driveway through the center and will be equipped with ventilator pipes, cement floor, automatic watering system and will be lighted by gas. Mr. Hentert is a partner of Hord's Concrete Milk company. Modern barns of this kind are becoming numerous in this locality.

Monroe friends of Mr. and Mrs. James S. Dean have been invited to the marriage ceremony of their daughter, Miss Hattie Cornwell Dean, and Mr. Frederick J. Blumer of this city, which takes place on Wednesday, June 24, at 8 o'clock at St. John's Episcopal church, Milwaukee. Mr. and Mrs. Blumer will be at home at 408 West street, this city, after September 1st.

Rev. Alfred Schuch and O. A. Tachnady are in Milwaukee representing St. John's church at the Wisconsin District conference of the Evangelical synod of North America.

Miss Margaret Emerson arrived home yesterday from Oklaola, Mont., where she spent the winter with her brothers.

Miss Cora Kidder and Ray Kidder of Milton Junction are visiting relatives here.

M. C. Douglas of Milwaukee is here on a visit to his father, A. S. Douglas, and to attend the high school alumni banquet.

Mr. and Mrs. J. F. Miller and T. H. Jones and family of Juda are here for the high school commencement.

Mrs. Nick Schloesser and daughter are here from Deloit, Ill., on a visit to relatives.

Dr. J. L. Flenk was in the city yesterday from Brookhead.

J. D. Danville was at Belleville yesterday.

St. John's church of the Janesville best society met and J. H. Humphrey of Janesville were here yesterday.

Miss Helen Douglas is home from Racine.

Brookhead. June 12.—Twenty-two rainbow trout, two years old, have been placed in the fountain in Union park.

Mr. and Mrs. J. A. Broughton have received word from their son Mort of Marquette that he has lost his arm, leg and groin, buggy, cutter and three head of horses by fire. They were partly insured.

There will be union church services next Sunday morning in Broughton's open-house, the occasion being the benevolent address by Rev. G. N. Foster of the Methodist church.

The Brookhead City band have engaged Prof. Wilmette of Monroe as director and the boys expect to do some hard work from now on.

Word from West Hunt, who was called to Spokane by a serious accident to his son Will, is to the effect that Will is gradually recovering. Mr. Hunt was delayed some days on his journey on account of washouts and bad storms.

Mr. and Mrs. P. A. Kertz have been in Brookhead since last Saturday visiting their daughter, Mrs. H. D. Ballou, and Miss Mildred Kertz.

Miss Wilfred Broderick has gone to Valparaiso, Indiana, to attend summer school.

Born, on Wednesday morning, June 10, to Mr. and Mrs. Chas. Bernstein, Jr., of Deloit, a daughter.

The local W. C. T. U. gave Mrs. A. A. Ten Eyck a very pleasant surprise party yesterday afternoon. The time was pleasantly spent in social converse and refreshments were served. Mrs. Ten Eyck was made the recipient of a silver spoon.

Mr. and Mrs. W. D. Ames returned yesterday from Deloit, where they attended the wedding of Mrs. Ames' brother, "Bud" Kelley.

Miss Cora Hecho of Washington, D. C., arrived here Wednesday evening and will make her home with her sister, Mrs. H. D. Kirkpatrick.

Self-Conscious Englishmen. The ordinary Englishman hates to be suspected of anything but the matter of fact. The more deeply he feels the more intent he is on shutting it over with a joke or a bit of useful slang.—Truth.

THE PRESIDENT FORGIVEN. He was a short, stocky man with an iron jaw, and as he entered the street car it was easy to see that he had been having a scrap. His nose was scratched, his hair mussed up and his hat broken, but the light of victory was in his eyes.

"Yes, I've just had a row," he said, in answer to a look of interrogation in a fat man's eyes.

"I hope your cup was just." "You bet it was! Say, who brought on the panic last October?"

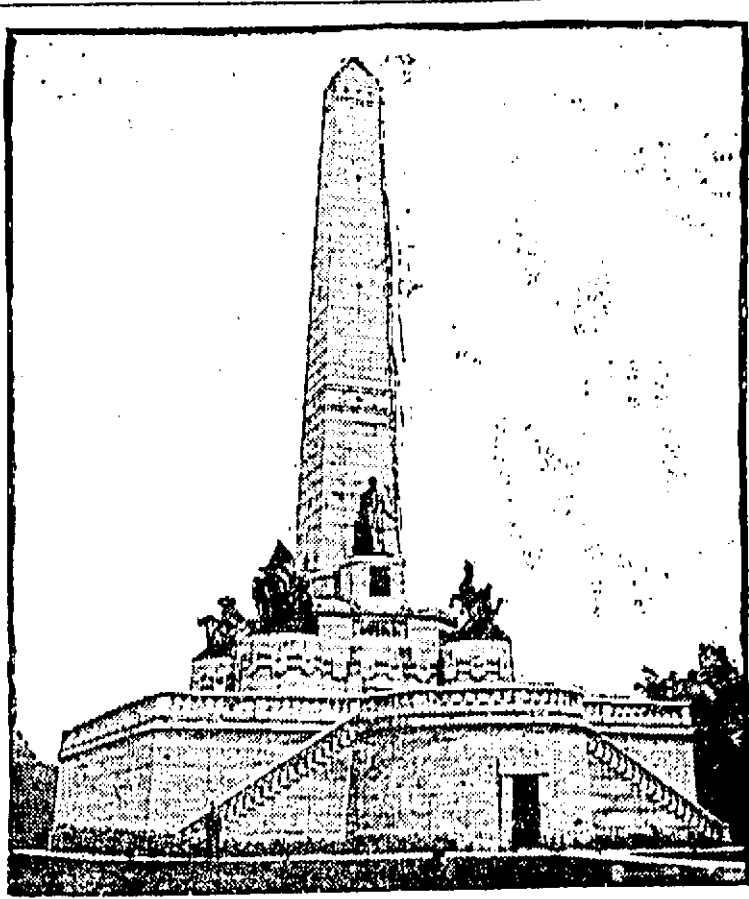

"Why, really I can't say." "But I can. I've been laying it to Roosevelt right along ever since, and telling him what I'd do to him in case he ran again, but I've finally dropped on the right man and I beg the president's pardon."

"And the right man is—?" "Oh, I got him dead to rights. It is my tea man. I've suspected him right along, giving me short weight, and the other week I put up a job on him and caught him at it. Just now I ran him into a doorway and lambasted him."

"But I can't see how his cheating you made him responsible for the panic."

"No, and I couldn't at first, but after I had hit him once on the nose, two on the left eye and a regular old thumper in the solar-plexus he came right out and pleaded guilty and offered me three dollars to settle. I believe if I had hit him once more he'd have owned up to being a member of the congressional hand ring in the west."

JOE KERR.

LITTLE JOURNEYS TO THE TOMBS OF AMERICAN PRESIDENTS. ABRAHAM LINCOLN, SPRINGFIELD, ILL.

There is no shrine more or dearer to the hearts of the American people than the tomb of Lincoln. He was the first president of the republic to suffer martyrdom at the hands of an assassin. Because this taking off came just as he had attained the glorious culmination of the War of the Rebellion, but added to its somber inspiration. When the knife of the assassin went home to the heart of Lincoln it went home also to the hearts of the American people, and as the world of 1865 gathered mournfully about the funeral bier, so ever since that day succeeding worlds have worshipped at the granite tomb.

Lincoln is buried in his old home town, Springfield, Ill. His remains rest beneath a massive striking monument, erected by the National Lincoln Monument association, which was formed on May 11, 1865. The body was placed in the crypt of the monument September 15, 1871 and was placed in the sarcophagus in the center of the edifice October 9, 1871. Owing to the instability of the earth under its foundation and its unequal settling, the structure had begun to show signs of disintegration recently which necessitated taking it down and rebuilding it from the foundation. This was finished June 1, 1901. A cemented vault was made beneath the floor, directly under the body of President Lincoln was placed September 25, 1901, where it will probably remain undisturbed forever. The money used in the original construction of the monument came from the people by voluntary contributions. The first entry made by the treasurer of the association was May 8, 1865; and was from Isaac Reed of New York for \$100. In all 5,116 different individuals

or organizations contributed. About \$8,000 was raised by the colored soldiers of the United States army. Only three states made appropriation for the fund as follows: Illinois, \$5,000; Missouri \$1,000; Nevada, \$500. The monument was built after the designs of Larkin G. Mead of Florence, Italy and stands upon an eminence in Oak Ridge cemetery, occupying about nine acres of ground. Access to Lincoln's tomb is free to all mankind and as has been written, "in this Mecca of the people let all the people come, bringing garlands of flowers, carrying away lessons of life. There is no shrine more worthy of a devotee, no academy or porch or grave where is taught so simply and so grandly the principles of greatness. Strow flowers, but bear away the imprint of his life, the flowers of manliness and the wreath of honor."

Leap in the Dark. The celebrated Thomas Hobbes is reported to have said on his death bed (1637), "Now, I am about to take my last voyage—a great leap in the dark." Hobbes in all probability got his idea from Rabelais, who, when dying (in 1553) exclaimed: "I am going to the Great Perhaps."

Not a Worrying Matter. Don't worry about your looks. You look all right to your friends, and the rest of the world doesn't care how you look.

"The Old Order Changeth." Extremes meet. A house in St. Augustine built in 1655 has been turned into a garage.

A Chance to Buy Wall Paper Cheap at the Big Clearance Sale of Wall Papers

and hangings. A bright new stock representing six of the largest manufacturers in the United States.

CARL W. DIEHLS

Three-fourths of insurance losses are due to lightning. This fact was found true after collecting a great deal of information by the insurance companies. If your house is not rodded you are in danger of being struck by lightning any time. Lightning will not strike a metallic substance, an iron roof, and this accounts for there being more lightning in the country than in the large cities, i. e., there is so much iron and steel in and around the buildings that it wards off the lightning.

The principle of lightning is that electric force gathers in the clouds and remains there until the force is strong enough to overcome the resistance of the air. When it is strong enough to overcome the resistance it strikes.

As you know every cloud is charged with either positive or negative electricity and as it floats over the earth it induces an opposite charge immediately beneath it. If this particular spot happens to be occupied by a building, the building immediately becomes charged, that is, this opposite charge is drawn up into the building. Thus we have two bodies oppositely charged and separated by a poor conductor or insulator. These charges attract each other strongly, but at first are prevented from rushing together by the intervening layer of air. But as the cloud draws nearer to the building and as the quantity of the charges increases, the tension finally becomes strong enough to break down the resistance and a violent disruptive discharge occurs. The flash of lightning is the result of this discharge.

We have an apparatus in our office by which we make a miniature lightning storm, showing how lightning strikes a house that is not rodded, and it also demonstrates how the charge of electricity is carried off from the house thus avoiding the conditions which make lightning possible. I will be glad to demonstrate this machine at any time. If you will need rods let me send you a very interesting little booklet on the subject. It is free for the asking. Call me up; either phone or drop in and have an electric storm all for your benefit.

We sell pure copper rods at 15c and 20c per ft. Our rods contain more copper strands, are better and more carefully made than any other in the West. Dodd & Struthers, whose goods we handle, are the originators. All others hereabouts are imitators of their product.

Always. It is useless to give an opinion of your own opinion of him, because he will think you are prejudiced.

DENTISTRY

Crown and bridge work. Where a few teeth remain in the mouth, I can replace the missing ones with a gold bridge that will fit perfectly, cause no discomfort and be as satisfactory as the natural teeth. This specialty in dentistry has been brought to perfection at this office, and when properly done will last for years. I use pure 22k. gold, which is a guarantee your work will be the best.

Gold Crowns, \$5 a tooth.
Not \$10, as is charged elsewhere in this city for exactly the same work. Call and consult me and get estimates of cost of your work. I extract teeth painlessly, free when plates are ordered.

This is another feature that counts. Others in this city charge from \$3 to \$5 extra for extracting your teeth.

Something Doing Down in the Cement District of the City—
Busy Place.

At the Janesville Cement Post company several large shipments of posts are being made ready to go both east and west. William Jennings Bryan has just received a new stock to supplement those he had some time ago and on his recent stop in the city told Manager Schuler that he was going to have his picture taken by his new fence and send it to him. Several large orders have recently been received from large country places on Long Island.

That things are moving along merrily at the Rock County Concrete Stone company is evidenced by the large number of orders they are receiving. They have got into the Chicago market and have sold the material for a house in Ravenswood. Two carloads of foundation material have also been shipped to Clinton. In Janesville they have furnished the foundation for Adam Holt's house on South Main street, the foundation and retaining wall of a house on the corner of Clark and South Main streets, and the cement work on Dr. Filford's building.

The sand company have shipped several carloads of sand to Milwaukee and are sending out a shipment today.

The Granite Brick Company have the order for 200,000 facing brick for the building being erected for J. M. Postwick. They recently shipped a lot of brick to be used for building a livery barn in Milton Junction.

ATTENTION, FARMERS AND FRUIT-GROWERS.

E. Ellsworth, the nurseryman, or one of his representatives, will call on you before next planting time and you will do well to withhold your orders until conferring with them. All of Mr. Ellsworth's stock comes from the nursery of D. H. Lake Company, Shenandoah, Iowa, whose established record of over forty years guarantees all products that Mr. Ellsworth handles.

FOREST SEEDLINGS FOR POSTS OR GROVES.

Seedlings of any kind from 18 to 30 inches in height can be bought for \$5.00 to \$10.00 a thousand from E. Ellsworth. Call up 62, either phone, or address Lock Box 114, Janesville.

MILITARY FEAT IS OBJECT

THREE THOUSAND SOLDIERS ARE MARCHING TO RENDEZVOUS.

Divisions from Points Hundreds of Miles Apart Expected to Meet Within Few Hours of One Another.

New York, June 12.—Unless something interferes with the plans of Gen. Frederick D. Grant between now and Saturday noon the 3,000 soldiers of the regular army under his command, who are marching from every point of the compass toward the village of De Ferlata, Jefferson county, will perform a military feat unparalleled in the history of the American army.

When Gen. Grant announced that he intended to march ten detachments from points hundreds of miles apart and have them meet at a common center within three hours of one another, military men were inclined to say it could not be done. After looking over the telegraphic reports from the commanding officers of the ten detachments Gen. Grant stated that he fully expected to have all his troops arrive at the camp at Pine Plains within one hour of the time set, which is Saturday noon.

The effort to reduce the marching to a scientific basis is only one of the interesting features of the annual maneuvers of the department of the east which are to be held at Pine Plains, a tract in Jefferson county 13 miles square. More than 15,000 soldiers, regulars and militia will participate.

DODGE DRESS QUESTION.

Dunkers Indefinitely Postpone Discussion of the Matter.

Des Moines, Ia., June 12.—Striving to maintain peace and unity in the Church of the Brethren, the presiding elders and members of the standing committee refused Thursday to discuss the all-important question of radical changes in dress which has threatened to jar the foundations of the church to the extent of causing a serious split.

Brought up in the order of new business at the meeting of the conference, the question was indefinitely postponed, securing a distinct triumph for the dissenting members of the sect.

The goodly sprinkling of merry widow hats and toques and bouffants all of a decidedly gay color, failed to spur the senate elders to a discussion of the question and the matter was held over until the next annual conference. It is predicted by younger Dunkers and by some of the older ones, that the passage over of the hat question would be followed by the gradual disappearance of the bonnet.

A. A. WILEY CRITICALLY ILL.

Representative from Alabama Suffers a General Break-Down.

Hot Springs, Va., June 12.—Representative A. A. Wiley of Alabama, a member of the past four congresses, is critically ill at his hotel apartments here. Mr. Wiley, who is about 50 years old, was ill with inflammatory rheumatism at his hotel in Washington for 11 weeks and was brought to Hot Springs eight days ago. The physicians here attribute his illness to general physical breakdown and say that he is irrational as the result of overwork and lung illness.

Lieut. Noble J. Wiley of the army, a son of the congressman, who was called from Cuba on account of the serious condition of his father, is at his bedside. During the war with Spain Representative Wiley served in Cuba a part of the time as Gen. Lawton's chief of staff.

DELEGATES FOR W. J. BRYAN.

Virginia, Kentucky and New Mexico Instruct for Him.

Roanoke, Va., June 12.—The state Democratic convention Thursday selected delegates to the national Democratic convention at Denver instructed to vote for William J. Bryan for the presidential nomination.

Louisville, Ky., June 12.—The resolutions adopted by the state Democratic convention Thursday reaffirm allegiance and devotion to the Democratic principles represented by Jefferson as set forth in the platform of 1904 and instruct the delegates to cast the vote of Kentucky as a unit at Denver and for William J. Bryan.

Roswell, N. M., June 12.—The Democratic convention Thursday elected 12 delegates to the national convention instructed to vote as a unit for W. J. Bryan until he is nominated for president.

Physician Violates "Dry" Law. Peoria, Ill., June 12.—Dr. Roy Hichards of Hopedale was fined \$20 and costs in a Peoria justice court Thursday for violation of the "dry" ordinance of the village of Hopedale. The physician prescribed beer for a woman and ordered it from another city.

Murder and Rob at Tiffin.

Tiffin, June 12.—Ten robbers, heavily armed, invaded the customs office here Thursday and killed the official in charge and his four assistants, decamping with \$12,000. The police pursued the robbers, killing three of them, but the others escaped.

Louisiana Sets New Record.

New York, June 12.—The Louisiana reached the Sandy Hook Lightship at 1:08 a. m., making the time for the passage 4 days, 20 hours, 8 minutes, or seven minutes better than the record made by the Mauretania on her last trip.

For Millionaires Only.

At a recent tobacco exhibition in London some Havana cigars were shown which were quoted at \$5 each.

Tardy Appreciation of Parks.

Until comparatively recent years people have had a rather narrow idea of the subject of parks. Some of the large cities and towns have long possessed public grounds both extensive and beautiful, but the tendency was to regard them as "nature's parades"—lovely to look upon, but of course not to be used. The first impulse called up by the word "park" has been that of an array of little signboards bearing the caution "Keep Off the Grass." Nowadays, figuratively at least, these little boards are disappearing. Art is not losing the public grounds, but the people are gaining them. This began through a belated realization of the relation of parks to public health. The new movement, not content with letting the people have the parks, is taking parks to the people. It is fashioning numerous small breathing spaces throughout the congested parts of the great cities. The latest phase of the movement is for the sake of the children. It is one that may be seen at work in vacant lots and in squallid places, making what no one ever heard of until lately—playgrounds for the little children of the poor.

Care of the Child.

During the past few years the best thought of many able men and women has been given to the care of the child when away from home, but more especially in providing school gardens and playgrounds. Many of these and similar movements are under way in all parts of our country looking to the amelioration of conditions and surroundings during the hours of study or recreation. It is probable that every one is productive of good results, and collectively they must be most beneficial, more so than we at present may compute. It is highly probable that these public moves are also the quickest, most effective methods of improving home conditions, thereby raising our standard of life along all lines.

A Home Trade Song.

Your support you should give To the place where you live, And you ought to help the old town grow. 'Tis the place you should love Every other place above, Which is why we would remark as we go:

CHORUS. Home trade! Home trade! It's way ahead of your trade. Be kindly to your dollar in the town. Spend them! Spend them! But never, never send them Around the world to wander up and down.

Though the town be but small, Not a bit less at all, 'Tis the place where all your interests are at, And you'll be very wise And your stock it will rise If you'll paste this little chorus in your hat!

CHORUS. Home trade! Home trade! It's way ahead of your trade. Be kindly to your catalogue out. Change them! Change them! And never try to trace them, But plant your dollars here at home to sprout.

T. BAPT, JR.

NEWS FROM NEAR-BY NEIGHBORS

COOKSVILLE.

Cooksville, June 11.—A new cement bridge is being built over Lynn Creek, between Union and Porter townships. Three men are working on it and hoarding at the nearest place—Charles Chantry's.

Mrs. Ellen Love has arrived from Santa Barbara, Cal.

Miss Ella Morgan has been very busy getting a good program for the Old Settlers' picnic which will be held in the grove here June 18. Everybody is cordially invited to come and have a good time.

Strawberries are ripe. T. T. Stoneburner and L. E. Johnson attended the picnic in Evansville Wednesday and reported a great crowd of people.

Mr. and Mrs. E. M. Stoddard and Mrs. Jennie Wilder were callers in Cooksville Monday evening.

Mrs. Agnes Robertson is very poorly and hardly able to get around. Miss Ford, a graduate from the U. W., is visiting a few days with Mrs. Lill Porter. She will teach in the Milwaukee Downer the coming year.

Many have set tobacco and a few small pieces finished. Plants are very fine and ahead of last year at this time.

School closes Friday with a short program. Miss Green has given great satisfaction. She has taken another school for the coming year.

Mrs. Belle Gillies and Miss Ella Morgan spent last Wednesday with Mrs. Lill Porter.

The meat wagon failed to make an appearance this week and many were disappointed.

BAXTER.

Baxter, June 11.—Miss Maggie Mullen closed her school in District No. 7 last Friday with a picnic at the Big Pond.

Mr. and Mrs. James Fanning and J. P. Kennedy and family spent one day last week at Lake Koshkonong.

Miss Carrie Snyder who has been visiting Mrs. John Minogue with her housework the past week returned home Sunday.

Peter White and family of Johnston spent Sunday at Frank Snyder's.

Frank and Genevieve Carney attended the picnic at Evansville Wednesday.

Mrs. William Kennedy entertained her mother, Mrs. John Mullen, one day last week.

A number of young folks from this vicinity attended the dance at Geo. Edley's Wednesday evening.

Adolph and Carrie Snyder visited at Wm. Bernard's Tuesday evening.

Mr. and Mrs. Miles Fanning were Sunday visitors at W. J. Cunningham's.

Miss Mary Her was a Jansville visitor Saturday.

James White was a business caller in this vicinity Monday.

The Baxter boys attended the ball game at Johnston last Sunday.

J. W. Fotherstone delivered a loud of hay in Jansville Wednesday.

Mrs. Harry Hayes spent Friday afternoon with her mother, Mrs. F. Snyder.

Mrs. J. Canoy and Ralph spent Saturday in Jansville.

Charles Snyder who has been working for J. Fanning returned home last week.

Mr. Owen Mullen and family and J. W. Fotherstone and family spent Saturday at Lake Koshkonong.

Miss Genevieve Carney entertained friends Sunday.

Margaret Sasper of Milton Junction has been visiting her uncle the past week.

Geo. Cunningham visited at Wm. McCann's Thursday evening.

PLYMOUTH.

Plymouth, June 11.—Miss Edith Balch was the guest of Mrs. Wm. Erhogue of Hanover from Friday until Sunday.

Mr. and Mrs. Ed Perkins of New-

ark spent Sunday with Andrew Rinehimer and family.

A little son came to gladden the home of Mr. and Mrs. Gus Borken-lund Saturday, June 6.

Mr. and Mrs. W. M. Yule and family of Deloit were the guests of Mr. and Mrs. M. E. Hickey from Friday until Sunday.

THE VERY HIGHEST QUALITY

CHILDREN SMOTHERED IN TRUNK

Pitiful Death of Two Little Ones in Massachusetts.

Fall River, Mass., June 12.—After a long search Thursday night the bodies of Joseph and Andre Beaudry, eight and five years old, respectively, were found locked in a trunk in which the children are supposed to have hidden themselves in order to escape going to school. The trunk has a spring lock. The medical examiner decided that their deaths were due to suffocation. The interior of the trunk and the clothing and bodies of the children gave evidence of the struggles which the little ones had made to escape before death overtook them.

Man Cuts His Head Off.

Cleveland, O., June 12.—Returning from a dance late Thursday night with his wife and four children, Joseph Parolowski committed suicide by practically decapitating himself with a razor, after a quarrel with his wife.

Oldest Yale Alumnus Dead.

Providence, R. I., June 12.—William Davis Ely, the oldest alumnus of Yale university and a member of the class of 1836, died at his home here Thursday. He was 93 years old.

Square of Residences Burned.

New Orleans, June 12.—For the third time in as many days an entire square of dwelling houses was burned here Thursday.

South Rich in Iron Ore.

Of known iron ore, the south has more than all the known ore supply of the rest of the country. In this it has the foundation for duplicating all the iron and steel industry of the United States.—R. H. Edmonds, in Youth's Companion.

GROUCHY?

Cheer up! It's not you —it's your stomach. Pay it a little attention at least once in a while, and you won't be bothered with the grouch. Take some Heintz Health Biscuits now, and then more whenever you feel it coming on. At your grocer today.

THE WEBER FARM AND TEAM WAGONS

At Prices To Please All.

Weber started to make wagons in 1845. He made them well and soon they were termed the "King of all" wagons. This title was won on merits. All axles are made entirely of hickory. The gears are best quality of oak throughout. The fellow joints are joined by improved steel dowel, which prevents spreading and chipping of joints which makes it firmer and stronger. Tires are round edge machine welded.

There's No Servant Problem

There's no servant problem in the home where

Shredded Wheat is known. Being ready-cooked and ready-to-serve, it is a boon to busy housekeepers in summer. It contains all the strength-giving elements of the whole wheat made digestible by steam-cooking, shredding and baking. It makes a delicious, nourishing meal in combination with fresh fruits. Try it. At your grocers.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with milk or cream will supply all the energy needed for a half day's work. Try Toasted TRISCUIT, the Shredded Wheat wafer, for luncheon, with butter, cheese or marmalade.

THE WEE MAID'S DONNET.

A fascinating bit of headwear for the small woman is this pink hat of pink and white fancy braid, trimmed with pink roses and ribbon of the

same hue. The underbrim is faced with pink chiffon, and ribbon inlaid with the roses in the crown trimming. Broad ribbon streamers tie competently under the small chin.

HENRY CLAY WARD IS SANE.

Michigan Millionaire Found Competent to Manage His Affairs.

Pontiac, Mich., June 12.—After being out 28 hours, a jury in the circuit court Thursday night brought in a verdict that Henry Clay Ward of this city, a millionaire whose eccentric actions led to his family's applying to have a guardian appointed for him, was competent to manage his own affairs.

Kills Father to Save Mother.

Pittsburg, Kan., June 12.—While attempting, as he believed, to save his mother's life, Ben Bird, aged 18 years, Thursday killed his father, J. H. Bird, a well-to-do farmer. In a statement to the prosecuting attorney Bird said that his father came home intoxicated and, meeting Mrs. Bird in the field near the house, began to beat her. Young Bird, seeing the helplessness of his mother, intervened and, grasping his father by the throat, threw him to the ground.

RHEUMATISM

BLOOD FILLED WITH URIC ACID

Rheumatism comes from an excess of uric acid in the blood. This acid circulating through the system acts as an irritant to the different muscles, nerves, bones and tissues of the body, and produces the inflammation and swelling of the joints and the sharp, cutting pains characteristic of the disease. When the blood is overburdened with uric acid it continually grows weaker and more acid, and poorer in nourishing qualities. Then Rheumatism becomes chronic, and not only a painful, but a formidable and dangerous disease. Sometimes the heart is attacked, the general health is affected, and the oils and fluids which lubricate the muscles and joints are destroyed by the acid matter which the blood is constantly depositing in them; the muscles shrink and lose their elasticity, the coating of the joints becomes hard and thick, and often the sufferer is left a hopeless cripple. S. S. S. attacks the disease at its head, goes down into the circulation, and by neutralizing and removing the uric acid from the circulation and building up the thin, acid blood, cures Rheumatism permanently. S. S. S. changes the sour, acid-burdened blood to a rich, healthy stream which quiets the excited nerves, cures the throbbing, painful muscles and joints, and filters out of the system the irritating matter which is causing the pain and inflammation. Begin the use of S. S. S. now and get the cause out of your blood so that the cold and dampness of winter will not keep you in constant pain and misery. Book on Rheumatism and any medical advice free.

Sophy of Kravonia

by ANTHONY HOPE

Author of "The Prisoner of Zenda"

Copyright, 1905, Anthony Hope Hawkins

So (until an interruption to the story) formally of the scene struck people's sense of humor. Everybody laughed—even Countess Ellenor. Sophy's own laugh rose rich and merry. Her ignorance or carelessness of etiquette betrayed itself. She darted at the pretty boy, caught him in her arms and kissed him, answering, "That's my luck—my red star."

"The boy touched the mark with his finger. A look of childish awe came into his blue eyes. 'Your luck!' he said softly and continued to look at the mysterious sign after Sophy had set him down again. The little scene was told all over Slavonia before night, and men and women talked, according to their temper, of the nature and the meaning of the red star. If only the foolish folk think about such things, even the wise talk."

The king left his chair and mingled with his guests. His movement was the signal for a general relaxation of ceremony. The prince came across the room and joined Sophy, who had returned to Marie Zerkovitch's side. He offered the baroness his congratulations, but in somewhat constrained tones. She smiled and seemed to be on something else. Once or twice he looked inquiringly at Marie, who, in her turn, showed signs of restlessness or discomfiture. A silence followed on Sophy's expression of her acknowledgments. The prince glanced again at Marie and made up his mind to speak.

"You've done me the kindness I asked," he inquired of Marie.

Marie picked at the feathers of her fan in unhappy embarrassment. "No, sir, I haven't. I—I couldn't."

"But why not?" he asked in surprise.

"I—I couldn't," repeated Marie, flushing.

He looked at her gravely for a moment, then smiled. "Then I must plead my own cause," he said and turned to Sophy. "Next week I'm leaving Slavonia and going to my castle of Praslak. It's near Volenski, you know, and I want to raise and train my gunners at Volenski. We must be ready for our guns when they come, mustn't we?"

His eyes met hers, eager glance exchanged for glance as eager. "Our guns?" whispered Sophy under her breath.

"Marie here and Zerkovitch have promised to come with me. He'll write what ought to be written, and she'll cook the dinners." He laughed. "Oh, well, we do live very simply at Praslak. We shall be there three months at least. I asked Marie to persuade you to come with her and to stay as long as you could, but she's disappointed me. I must plead for myself."

The changing expressions of Sophy's eyes had marked every sentence of his speech, and Marie marked every expression of the eyes. They had grown forlorn and apprehensive when he spoke of leaving Slavonia. A sudden joy leaped into them at his invitation to Praslak.

"You'll come for a little? The scenery is very fine and the people interesting." Sophy gave a low laugh. "Since the scenery is fine and the people interesting, yes, monseigneur."

Their eyes met again, and he echoed back her laugh. Marie Zerkovitch drew in her breath sharply. With swift insight she saw and foresaw. She remembered the presentiment under whose influence she had begged Sophy not to come to Kravonia. But fate had weighted the scales heavily against her. The baroness Dobrava was here. As simultaneous exclamation of many voices broke across their talk. At the other end of the room men and women pressed in to a circle round some point of interest which could not be seen by Sophy and her companions. A loud voice rang out in authoritative tones: "Stand back! Stand back and open all the windows!"

"That's Natcheff's voice," said the prince. Natcheff was the leading physician.

"The king fainted! I never knew him to do that before."

He hastened to where his father lay, the subject of Natcheff's ministrations. Sophy and Marie followed in his wake through the opening which the onlookers made for him. The king showed signs of recovering, but Natcheff's face was grave beyond even the requirements of his profession or of his patient's rank. The next moment Lepage came up. This man, the king's body servant, was a small, plump person, who had generally a weary, impassive, uninterested manner. He looked rather uninterested even now, but his walk was very quick, and he was soon sliding Natcheff with deft and nimble fingers. "This is strange, Lepage," said Natcheff.

"Lepage did not look up from his task. 'Has it ever happened before?'"

Then Lepage did look up. He appeared to consider and to hesitate. He glanced once at the king before he answered.

"It's the third attack in two months," he said at last.

"You never told me!" The words shot sharp from Natcheff's lips.

"That was by his majesty's peremptory orders. He'll be angry that I've told you now."

"Clear the room!" ordered Natcheff shortly.

Slavonia had plenty to talk about that night. Besides the baroness Dobrava's red star there was the fainting fit of King Alexis! The evening bulletin was entirely favorable. The king had quite recovered. But many had heard Lepage's confession, and seen the look that it brought to Natcheff's face.

Stenovics and Staufitz rode back from the palace to the city side by side. The general was silent, immersed in deep thought. Staufitz smoked his cigarette with a light, rather mocking smile. At last, when they were almost opposite the terrace of the Hotel de Paris, Stenovics spoke.

"It looks like the handwriting on the wall," he said.

"Quite so, general," Staufitz agreed cheerfully, "but at present there's no evidence to show to whom besides the king himself the message is addressed."

"Or what it says?"

"I think that's plain enough, general. I think it says that the time is short."

He watched his companion's face closely now, but Stenovics' mask was stolid and unmoved. He said nothing. He contented himself with a sullen grimace.

"Short for the king!" pursued Staufitz, with a shake of his head. "Short for the prince, perhaps. And certainly, general, uncomfortably short for us."

Stenovics grunted again and then rode on some while in silence. At last, just as he was about to part from his companion, he made one observation: "Fortunately Natcheff is a friend of mine. We shall get the best possible information."

"That might become of importance, no doubt, general," said Staufitz, smiling still.

Chapter Seventeen

D. NATCHEFF amply reassured public opinion. What information he gave to General Stenovics, his friend, is another matter and remained locked in that statesman's heart. Publicly and to everybody else from the Prince of Slavonia downward he declared that there was no ground for apprehension and that the king merely needed rest and change. After a few days of the former it was proposed to seek the latter by moving the court to his majesty's country seat at Dobrava—that estate from which Sophy had been graciously hidden to choose her title. Meanwhile there was no reason why the prince should not carry out his intention and proceed to the castle of Praslak.

Below Slavonia the main postroad—as has already been stated, there was no railway at this time—follows the course of the river Krath for about five miles in a southeasterly direction. It is then carried across the stream, which continues to trend to the south, by an ancient wooden bridge and runs north-east for another fifteen miles through that country and past prosperous agricultural and pastoral villages till it reaches the marshy land, bordering

the sea.

Hay's Hair Health

Kidney diseases are generally found in persons whose blood is impoverished or impure, and whose nerves have not sufficient power or force to make the kidneys perform their proper functions.

The duty of the kidneys is to filter the blood, and when this fluid is filled with uric acid and malarial poisons they become overburdened with extra work. When the nerves are not strong, they fail to supply the power to do this work; then the kidneys become clogged and disease sets in. Kidney complaints usually commence with cold chills, especially in the back and loins, followed with fever and pain. The pain extends to the bladder, loins and thighs. The urine becomes highly colored or extremely blood-like. It sometimes looks red or bloody-like, with a brick dust sediment after standing; or it may be stringy or milky and filled with mucus, the most vital element of the body.

When these conditions are allowed to continue they result in one or more of the following conditions: Backache, Weak Back, Rheumatism, Diabetes, Bright's Disease, Gravel, Gout, Irritation of the bladder, Scalding Urine, Swelling of the Ankles, Dropsy, or some other form of Kidney or Urinary Trouble.

DeBells' Kidney Pills have a direct and specific action in all forms of Kidney, Bladder and Urinary trouble and it is the only remedy which gives the kidneys strength to cast off all poisonous matter from the blood, thus stopping the cause of disease of this nature.

Try DeBells' Kidney Pills. We claim they are far excellence—the most thorough, rapid and effective treatment ever prepared for the cure of kidney trouble and we say it because of the results obtained by their use. They speak for themselves; all we ask is to give them a chance to cure you, the one who suffers.

Did yourself once and forever, by a treatment that you know will cure you and come again into your own happiness, good cheer, contentment, energy, ambition, hope, new life and perfect energy.
